

Technical drawing of the FK-0322XL robot arm. The drawing shows the arm's profile with a horizontal reach of 85.5 and a vertical height of 55. The arm is labeled FK-0322XL. The end effector is a gripper with a width of 0.45. The arm is shown in a retracted position, with the gripper at the top. The drawing includes a detailed view of the gripper's internal mechanism, showing the fingers and the central shaft. The gripper is labeled with a diameter of 0.28. The arm is shown in a retracted position, with the gripper at the top. The drawing includes a detailed view of the gripper's internal mechanism, showing the fingers and the central shaft. The gripper is labeled with a diameter of 0.28.
